Assessment Codes

Day: 08:00-17:00

H101: Minor assessment

H103: Multi-system assessment

Evening: 17:00-24:00

H131: Minor assessment

H133: Multi-system assessment

Weekend/Holiday: All Day

H151: Minor assessment

H153: Multi-system assessment

Minor assessment: very basic, not much history or PMHX taken, note to return to work; suture removal.

Multi-system assessment: Hx/Physical/+/-some testing or treatment. This is most of what we do.

Holidays: Christmas, Boxing Day, New Year's Day, Good Friday, Canada Day, Labour Day, Civic Holiday, Thanksgiving, Victoria Day.

Procedure Codes

Suturing

Broken down by size, location, and if layers are needed. Measure your lacs!

Z176: Less than 5 cm. Most common Code I bill. Can bill 50% of this if you use dermabond instead of sutures [e.g. "Z176 (glue)"]

Z154: Less than 5 cm, but on face, heavy bleeders, or needed more than one layer of closure.

Z175: 5.1-10 cm. If multiple little lacs, then add up total length.

Z177: 5.1-10 cm; on face, bleeders, layers.

Surgical

Z101: I&D abscess hematoma.

Z106: I&D haemorrhoid.

Z114: FB removal skin (fish hooks, slivers, etc.).

Z144: Debride wound.

Dislocations

D012: Nursemaid elbow.

Ortho/Fractures

F027: Colles' fracture, no reduction, with immobilization.

F031: Radius or Ulna fracture, no reduction, with immobilization. Includes buckle fractures.

F004: Phalanx fracture with immobilization.

F056: Phalanx fracture foot, no reduction.
